

RomneyCare Obama Style

Obama, after throwing out every vestige of a PUBLIC health care model, COMPLETELY kowtowed to PRIVATE Health Insurance Corporatists by enforcing membership to private Insurance 'care' and providing government subsidies to the PRIVATE SECTOR for those who can't afford coverage! No illusions regarding who or what REALLY holds power in Corporatist America, is there Baa'raack O'Lackey, you tap-dancing, servile, piece of shit!

Bush/Cheney have machinated to give your Office executive powers unheard of in any democracy yet YOU, armed with extended powers that would tickle Stalin's fancy, are not able to enforce the wishes of the public based on a clear mandate! Are you kidding someone or are you truly what most people say you are, a smooth-talking black, house slave, lackey, representing the same minority interests as former administrations?

[The people will be REPRESENTED, one way or the other!]

Look up the word "public" in the dictionary, you black lackey and then thank Mitt Romney for the RIGHT WING REPUBLICAN health care model which you appropriated and submitted, with only minor cosmetic variations, for House approval - what a fuckin' tragic joke! What did you call it, a watershed 'RUSE' in American history -- the world's greatest 'public' health care con, to be accurate!

Now to the really interesting aspects of America's slide into chaos.

In view of the FACT that Obama passed a right wing Republican health care model, the right, with its vehement opposition/hatred of all things left or liberal, had nowhere to go other than to the extreme or INSANELY rabid right! Murdoch's Fox 'news' is evidence of the fact, it specialises in providing a mass media platform for various nutters to spread their hate and divisive lunacy nationwide, GOOD!

Gauge the destructive effect the ultra-right wing tea party freaks, bible bashers, posse groups, survivalists, racists and a host of other 'highly intelligent' extremists are having on social cohesion! Yep, you got it, RUPTURE, fragmentation, disintegration of American society, the enemy is truly within, as stated many times, by many authors on previous occasions!

Here's one example of the 'intellectual brilliance' of today's American right wing nutters; with bible in one hand and dick in the other, one of their spokespeople said, "we are happy that public money will not be used for abortions!" These 'right to lifers' have supported every criminal war their nation has waged since the neo-cons stole Office yet they would interfere with a woman's prerogative regarding an unwanted pregnancy while turning a blind eye to a HOLOCAUST! Perhaps I should remind them that over one million innocent civilians have been killed as a consequence of an illegal war in Iraq alone. The civilian death toll continues to climb in numerous other wars America wages around the globe, could YOU spare a 'Christian' thought for PEACE, you HYPOCRITICAL, lobotomised, scum?

For us, comrades, our strategy was clear from the start, OPEN, up-front (therefore invisible) and supremely EFFECTIVE -- SUPPORT the RIGHT WING in every way and at every opportunity, and down she goes; thank you Rupert, you're a bloody good Aussie!

Another job well done and there's absolutely NOTHING they can do about it now.

Onward Christian soldiers!
