

'News' for Morons

The BBC reported that Serbia formally apologised today for the Srebrenica 'massacre;' less than eight thousand Muslim men were killed by Serbian forces during the US orchestrated Balkan conflict. Indeed, one civilian death is one too many and no apology is able to raise the dead, however, it demonstrates a nation ready to confront its mistakes and perhaps send a signal to Albanian Muslim Kosovars responsible for desecrating hundreds of historical Christian Churches and cleansing Serbs and other minorities in Kosovo. Perhaps the fascist Croatians may feel a pang of conscience for cleansing Serbs from the Krajina region -- the 'news' is so one-sided these days.

There is MUCH to apologise for in the Balkans BUT no Balkan crime compares to America's dirty 'little' H-O-L-O-C-A-U-S-T in Iraq, over one million innocent civilian deaths! The world is waiting, America; do you think an apology is in order for an illegal invasion and ONE MILLION innocent deaths, Tony Blair clearly doesn't think so?

The mass media is incapable of even mentioning US/NATO war crimes, let alone hinting at an apology!

Serbs prove yet again they are a nation of conviction, morals, law and integrity - they have endured for a millennium and as the latest gesture clearly indicates, will endure long after the US disappears from the earth.

America CONTINUES to kill civilians in numerous conflicts around the globe TODAY, even as I write - an apology from them, not a snowflake's chance!

Have a nice 'well reported,' unbiased day, morons!
