The Conspiracy wire is going nuts at the moment, plans to nuke Iran, 'Chechen' (CIA backed) terrorist attacks in Moscow and now -- what a 'coincidence' -- the 'missile shield' *entire* Polish leadership killed in a 'tragic' airline 'accident!' Seems Russia has learnt a trick or two from the US - civilian casualties, no prob, they are only mindless, slave, morons, anyway. All morons are expendable, didn't YOU know?

Now let's include the attack on the euro, Greece's economy and other European 'allies' (ROFL) by Zionist Banksters attempting to save the dollar, and a definite picture begins to form! I'm so excited I can barely spread my peanut butter sandwich!

Nevertheless, it should be noted that the first thing you learn in political analysis is, 'there are NO coincidences in politics and war!'

The gloves are off!

Have a nice moronic day, fuckwits! And for what we are about to receive, may 'we' be truly thankful - LMFAO!

And YOU thought COMPLACENCY came at no cost.

You're not gonna believe what happens next!
