

Obama calls the 1915 Armenian Genocide an 'Atrocity'

international / social/political / commentary

It gets more difficult for the world's leading civilian killing, terrorist nation to phrase criticisms of infamous historical events by the day. As each day passes, more orders are given from US Air Command and CIA facilities to CONSCIOUSLY launch missiles from UAV Drones that kill and maim countless civilians - an act which REMAINS a WAR CRIME under international Law today. [The Hague Courts have lost all credibility and openly display their corrupt bias by NOT undertaking investigations into the world's LARGEST State run criminal organisations.]

Obama: Pathetic Fraud and Despicable Traitor

WE, as the thinking, law respecting, CIVILISED moral majority, should never forget that we are the last force for moral good, social order and decency on a planet that has CLEARLY been overtaken by heinous criminal forces.

From what moral fantasyland does Obama accuse others or label an obvious "genocide" as a 'massacre/atrocity' -- even Adolf Hitler was comfortable citing that horrendous event as a genocide - and on what *immoral* basis does Obama skirt the most accurate term, GENOCIDE, we ALL may well ask!

The answer is plain to see; a torture approving, assassinating, kidnapping, civilian HOLOCAUST perpetrating nation stands on no moral ground whatsoever. The consciously deceptive and pathologically lying President of the world's leading criminal State is true to form as a complicit actor in an overall criminal undertaking that flouts moral codes and civilised laws that have maintained relative peace and STABILITY in the world for decades.

A nation that knowingly kills civilians daily and is responsible for over five million (needless) civilian deaths since Vietnam is not in a position to judge or lead a sewer rat! In view of all the criminal activity and the current tenuous grip criminal America has on its own people and the International Community, chances of maintaining its deceptive influence over the world's moral majority are almost non-existent. On every occasion the American criminal leadership attempts to comment on ANY international political event it INCRIMINATES ITSELF!

Good luck, we'll be seeing you and the Corporatist weasels that have hijacked our democracies in

Real Courts sooner than you think; and never forget, the penalty for TREASON is death! Justice WILL BE SERVED.

On the moral majority YOU/WE can depend.

We are ONE.
