

## Great choice, Oz!

national / social/political / commentary

The Murdoch, Stokes and other mass media organisations in Oz are exercising their influence on the masses by offering THEIR alternatives to the now fully exposed (popularity trashed) POLICY FAILED, narcissistic PM, Kevin 'show pony' Rudd; who imagined that managing a nation amounted to slavishly following Washington in unwinnable wars, serving Wall St, the RBA and other unrepresentative minority interests.

This pathetic piece of Queensland dog excrement couldn't even sell a FAIR tax increase on Transnational miners engaged in raping the nation's wealth; notwithstanding there has never been any love lost regarding the rapacious, polluting, mining/energy sectors! What a thorough tragedy that sales FAILURE has been for Kevin 'CENSORSHIP' Rudd.

No previous policy failure compares to Rudd's inability to sell a FAIR IMPOSITION on the plundering mining sector. Perhaps Rudd was too busy concentrating on his socially reviled information CENSORSHIP policy that he is FORCING onto the public via legislation - at the behest of media and other big business interests, I would add.

Today there is no doubt that Rudd is an upper case, capital "L" L-O-S-E-R! A fully exposed mirror-loving NARCISSISTIC INCOMPETENT that couldn't manage a fuck in a brothel; but he WAS there in front of the CAMERAS on Sydney harbour (waiting three hours) to 'welcome' Jessica Watson's return from her sailing voyage around the world - Watson is Oz's latest corporate-SPONSORED (photo-op) teen heroine.

It is known that Kevin can smell a photo-op a hundred miles away - but he hasn't yet been advised that the public are aware of his tragic personality flaws and his obvious POLICY FAILURES. Good sense would dictate -- to more balanced personalities -- that this is NOT the optimum time to be plastering a FAILED FACE all over the media.

Now consider who the MEDIA is offering as a replacement for Rudd; the current deputy PM, Julia 'fishwife' Gillard, who made her debut to the deputy's job by acquiescing to Corporate sector wishes in an abortive attempt to allow private company personnel to snoop and spy on the PRIVATE EMAILS and other personal digital communications of their employees - bloody OUTRAGEOUS!

There are few doubts regarding Gillard's Stalinist credentials AND her readiness to serve the totalitarian interests of the private Corporate sector. It does not escape our beer drinking population that Gillard, as Deputy PM, also shares a greater percentage of responsibility in the policy failures of her party.

Consider also the contender from the opposition, Tony Abbott, a Jesuit-trained Nazi conservative who DEFENDS very male, Vatican dictates on female reproduction and the interests of FOREIGN mining corporations facing the prospect of returning a greater percentage of their GIGANTIC, plundered, profits to the people -- no doubts regarding this LACKEY'S ALLEGIANCES and his clearly unrepresentative position defending minority Corporate interests!

Of course the APATHETIC Australian people HAVE NO REAL CHOICE in the matter; all future contenders to 'high office' are selectees, brought to you by the same people that have plunged the world into economic depression, destabilised countless nations with illegal and UNNECESSARY WARS and continue to poison and pollute the planet with their 'industry' -- all for what I hear you say?

WE CAN DO A LOT BETTER than the failed models and strategies currently IMPOSED on our society by a PROVEN bunch of policy bereft failures.

Remember to vote for the selectees presented to you in the next election.

Aussie Aussie Aussie, oink oink oink - you mindless morons!
