WikiLeaks is NOT about its founder, Julian Assange, it is about the exposure of lies, deceit and criminal activity in high places. It is necessary to keep focus and concentrate on JUSTICE and holding accountable the most reprehensible criminals seen this century - most of whom carry US and UK citizenship.

WikiLeaks SERVES TRUTH - do we remember what that word means in this age of lies, distraction and obfuscation? The now exposed evil ruling minority wish to distract and normalise the most abhorrent and grotesque activity known to civilised society, invasive, mass murdering, WARFARE - one million civilian dead in Iraq IS worthy of our persistent focus!

The brave founder of WikiLeaks puts his life on the line to serve the PUBLIC INTEREST and fight the forces that serve only themselves at HUGE cost to the broader community and the environment.

On each occasion the corporate controlled mass media and their journalistic lackeys attempt to shift focus away from the REAL issues/criminals, view the exercise for what it is - just another CRIMINAL SUBTERFUGE designed to deceive and perpetuate an unsustainable, VIOLENT future.

Nothing less than full disclosure of all information exposing the malevolent forces destroying our societies and natural world is expected.

Julian Assange -- a real hero of our time -- we thank and salute you.

We are One

Peace.
