

Ecstatic Pieces

i'm a mess again
in more ways
than i care to describe.
i must announce
to the four corners of the world
that
i LUV You ...

every atom of my Being quivers
as i declare it openly
without reservation
[Voodoo - i have no other explanation.]

i emerged briefly
from your irresistible gravitational
pull only to be drawn back
into your vortex --
black hole of my existence.

sliding down, spinning into your
sea of transforming Bliss;
i must surrender
or risk losing my sanity,
androgynous, blue-eyed God-dess.

mere proximity triggered
the response,
i am defeated
gladly
losing what is left of my
identity
to your sea of Ecstasy.

unglued and scattered
in pieces of scintillating,
quivering, light/ecstasy
throughout the known
and unknown
universe.

i am finally vanquished
completely,

finished.

and You,
slayer of time and space,
mute
in your thundering silence,
autistic God-dess
only able to communicate
directly to my Soul
(sub-atomic rhapsodies)

i LOVE U!

now, then
and
Forever

We are One ...
