

## Ecstatic Pieces

i'm a mess again  
in more ways  
than i care to describe.  
i must announce  
to the four corners of the world  
that  
i LUV You ...

every atom of my Being quivers  
as i declare it openly  
without reservation  
[Voodoo - i have no other explanation.]

i emerged briefly  
from your irresistible gravitational  
pull only to be drawn back  
into your vortex --  
black hole of my existence.

sliding down, spinning into your  
sea of transforming Bliss;  
i must surrender  
or risk losing my sanity,  
androgynous, blue-eyed God-dess.

mere proximity triggered  
the response,  
i am defeated  
gladly  
losing what is left of my  
identity  
to your sea of Ecstasy.

unglued and scattered  
in pieces of scintillating,  
quivering, light/ecstasy  
throughout the known  
and unknown  
universe.

i am finally vanquished  
completely,

finished.

and You,  
slayer of time and space,  
mute  
in your thundering silence,  
autistic God-dess  
only able to communicate  
directly to my Soul  
(sub-atomic rhapsodies)

i LOVE U!

now, then  
and  
Forever

We are One ...
