if love were rational i would never speak to you again ...

"i don't want u to change, i just want u to make the effort" [to change]

what! for fuck's sake ...

can u not see the idiotic 'logic' in ur demented statement? the word 'exasperating' was made for u, add it to ur lexicon.

if elegance, style and beauty were necessary to ignite love then it would be a very long and cold winter.

if love were dependent on kindness and consideration ur single status would be permanent!

if love required reciprocation u would be invisible in a crowd.

if dependability were essential for love u would be feeding through a proboscis.

i could go on but my exasperation subsides and my heart softens at the mere thought of you;

i remain struck, mesmerised, completely enthralled.

i want only

you and i thank the stars and sky for delivering you to me as you are [u maniac].
