Rarely is a title able to carry an entire story - but the above accomplishes that task. The Truth of 9/11 is in our faces - use your favourite search engine!

Also, a FORENSIC examination has not yet been carried out on the most infamous building destruction in New York's history - hazard a guess! It's not me that has something to hide, ask New York's fire fighters why investigative procedures (in the manual) were disregarded when exhaustive analysis was clearly required.

But let's allow the criminal ruling 'elites' to DISTRACT us with a MASSIVE, concerted media blitz on a proposed mosque and Koran burnings on the anniversary - you mindless, American morons; you deserve everything you get!
