If a picture is worth a thousand words and a video a narrative then here's both. There are many unanswered questions now surrounding the strange person of Julian Assange and even more gnawing doubts as to this man's character and INTEGRITY.

I cannot help but wonder whether the entire Assange circus is a charade, a counter intelligence operation designed to ultimately harness the thing the elites fear most, the INTERNET! Murdoch and his media mogul mates have declared openly they wish to control the internet, of course their Corporatist partners are all for it but it would be a very difficult move; however, Assange and WikiLeaks are creating a scenario which could facilitate global internet censorship and Assange is obviously intelligent enough to REALISE the distinct possibility, but not a WORD on that topic from the man that supposedly lives and breathes the Internet!?

Consider for a minute the COMPARATIVELY lame WikiLeaks' 'revelations,' which are PUBLICISED as compromising the 'integrity' of the USA.

Firstly, the USA HAS NO integrity; it is HISTORICAL FACT that the USA engaged in an indiscriminate (by definition) CARPET BOMBING of INDO-CHINA, including illegal attacks on Laos and Cambodia during the Vietnam, 'Gulf of Tonkin,' war. This outrageous mass murdering tactic of bombing innocent civilians and a few perceived 'enemy,' resulted in the deaths of approximately FOUR (4) MILLION CIVILIANS and paved the way for the murdering dictator, Pol Pot, to seize the advantage after Cambodia had been thoroughly destabilised with relentless and illegal carpet bombing -- the USA is therefore CLEARLY responsible for creating the circumstances which led to the horrific 'killing fields' of Cambodia.

Need I add America's recent EXPLOITS to the above? The invasion of Iraq on the PRETEXT of saving the world from non-existent WMD - a FACT that UN monitors reported to the WORLD - there were no WMD! Nevertheless, CORPORATE ruled America had an agenda, the OIL resource; the invasion force made a media-covered bee-line straight for the Oil Ministry in Baghdad, I mean give me a

break on the obvious!

No secrets here just a plain **ILLLEGAL INVASION** and **RESOURCE THEFT** -- OIL companies were gloating while the **CIVILIAN** death **TOLL** reached over **ONE (1) MILLION**. But **WHO** gives a shit about lost innocent **LIVES** – then and now?

US/NATO affiliations with heinous Kosovar and Albanian crime bosses in the Balkans -- installed by America (Holbrooke) to rule illegally excised Serbian sovereign territory by proxy; Kosovo now houses America's largest military base in Europe – **DO YOU MORONS NEED MORE?** If so, then look it up; there's Afghanistan, Yemen, Sudan, and numerous interventions in Latin America, the **LIST** of **KNOWN AMERICAN CRIMES** is never ending; and in a **CONTEMPTUOUSLY DEFIANT GESTURE** against International **LAW** and civilised morality, America **CONTINUES** its overtly criminal **DRONE** attacks on civilians, almost daily!

With a little perspective gained, should we now make a comparison with the very weak and extremely tame 'revelations' that WikiLeaks issues to the world and wonder **WHY** the **HUGE** media coverage afforded Assange when it should be a matter of **LEGAL** course to arrest and prosecute **KNOWN CRIMINALS** and hold the heinous Corporate forces behind them to **ACCOUNT!** Think about that while Assange sips his Martini and has a snowball fight with his very rich and influential friends, as a guest on their Manor Estate in Suffolk – give me a fuckin' break!

And take a long hard look at the 'support' Assange is rendering to Bradley Manning, we hope you choke on your Martini, Assange, you reprehensible, self-serving, pig!

If you think for a moment this piece is a little unfair then respond, from one Aussie to another, the prerogative is **YOURS**, Julian -- something with a little more **SUBSTANCE** perhaps, 'dear boy, old chap!'

*[The major point is the USA is a **KNOWN** civilian killing terrorist and criminal nation that thinks nothing of murdering countless civilians or its Presidents -- America has proven time and again it disregards **ALL LAW** and fears no consequences -- so why are you alive, Julian? If you are really the threat the Corporate media portrays you as, you should have been summarily executed ten times over -- now don't choke on your olive, that 's a good boy!]*
