Dr Mohamed Haneef, a 'dark-skinned' politically scapegoated and victimised Indian national, recently returned to Oz to receive fair, just and DUE compensation for the ordeal he suffered at the hands of the overtly RACIST Howard conservative government. The fervour with which Ministers and the 'drunken dropkick' Federal Police Chief of the time, Mick Keelty, pursued this gross injustice was, by Oz standards, quite extraordinary. Keelty spared no expense (millions of taxpayer dollars in fact) in the FAILED attempt to FRAME an INNOCENT MAN on terrorist charges. The Haneef scandal will forever stain the Australian historical record.

Dr. Mohamed Haneef

Every political analyst and commentator, regardless of whether they care to admit it, was aware the Haneef scandal was a failed attempt to enhance John 'deputy sheriff' Howard's re-election prospects. However, TRUTH prevailed on this occasion though the criminal LIES of the Howard government succeeded in involving Australia in another ILLEGAL war started by the world's leading civilian killing, terrorist nation, AMERICA - a few more revealed truths for the Oz public to chew on!

Dr. Haneef not only deserves the most profound and sincere apology from the Australian people -- and a damn sight more than the paltry one million dollars of compensation he received for his horrific ordeal -- but should be granted citizenship and other bona fides as real gestures of restitution for the nation's wrong doing.

To label the Haneef case a scandal would be a gross understatement, it was clearly a deliberate criminal undertaking engaged in at the highest levels of the Howard government. The culpable are yet to face the courts and people for the crimes they have openly and indefensibly committed - stand accused for the lack of ACTION in that regard, Australia!

This nation was once internationally known - and envied -- as a fair, just and safe place, before the likes of Howard and his criminal conservatives compromised the nation's integrity. When, dear readers, would be a good time to prosecute known criminals, I ask you?

Everyone should be aware that conservative ideology thinks nothing of torturing, victimising, scapegoating and MURDERING innocent people for political gain; conservatives have more blood on their hands than any other ideological group on the planet, FACT!

Surely it is HIGH time peacemakers, who are viewed as ineffective defectives by conservatives, held the culpable to ACCOUNT.

Merry fuckin' Christmas!

John 'deputy sheriff' Howard
