

U.S. Fears Becoming 'Paper Tiger'

"Darrell Issa, who will take over as chairman of the House of Representatives oversight committee and is calling for Mr Holder's resignation, said of Mr Assange in an interview on Sunday: "If the President says, 'I can't deal with this guy as a terrorist,' then he has to be able to deal with him as a criminal. Otherwise the world is laughing at this paper tiger we've become."

I was forced to double check the veracity of the above quote, but it's true! Try as rational people may, to fathom the insane asylum that is the USA. So a little advice for America -- I think we've got it now:

By all means continue to oppress the people with draconian laws and 'will' destroying intrusions on their genitals (TSA).

Eavesdrop on all their private communications, increase surveillance into their neighbourhoods and homes. Lock them down, after all, they are the most timid, quivering population on the earth; who else would put up with the treatment that U.S. government 'authorities' dish out?

On the foreign front, please continue indiscriminately killing as many civilians as possible, more illegal wars of plunder (Iraq, Afghanistan) and territorial acquisitions (Kosovo); continue on your insane, homicidal course by ALL and EVERY MILITARY means possible.

Continue kidnapping, illegally detaining and TORTURING suspected enemies, especially those that oppose your murdering criminal ways. Bribe and intimidate international leaders and if that doesn't work, bomb their nations and target their populations.

More of the same stunningly stupid policies and rest assured no one will regard you as a 'paper tiger' though you may in the end have preferred that description.

We EXPECT more INJUSTICE, oppression, loss of liberties, LIES and BLOOD from criminal, Corporate controlled America - have no fear Mr CEO, Mr President, we read you loud and clear AND we oppose you with every fibre our collective Being.

We will never relent or rest until all criminal and puppet regimes are eliminated - who are we? Only the rational, sane, moral, civilised, FREE PEOPLE OF THE WORLD!
