Sometimes an excerpt reveals more than expected.

".. war can be seen as America's religion — most recently Pakistan, Iraq, Afghanistan, Somalia, Yemen, and many more in the past — all non-believers in Washington's Church of Our Lady of **Eternal Invasion, Sacred Bombing, and Immaculate Torture**, all condemned to death for blasphemy, as each day the United States unleashes **blessed robotic death machines called Predator Drones** flying over foreign lands to **send "Hellfire" (sic) missiles screaming into wedding parties, funerals, homes, not knowing or caring who the victims are; thousands of them by now**, as long as Washington can claim each time -- *whether correctly or not* — that amongst their number was a prominent blasphemer, call him Taliban, or al Qaeda, or insurgent, or militant. How can we reason with such people, the ones in the CIA who operate these mindless UAV Drone killing machines? What is the difference between them and assassin, Mumtaz Qadri? Qadri was smiling in satisfaction after carrying out his 'holy mission.' The CIA man sits comfortably in a room in Nevada and plays his '**holy video game**,' then goes out to a satisfying dinner while his innocent victims lay dying. Mumtaz Qadri believes passionately in something called Paradise. The CIA man believes passionately in something called American Exceptionalism." [Edited, emphasis added.]

[Well stated, Mr Blum. Ed]

While Americans remain blind to the fanaticism in THEIR midst the population of the WORLD sees clearly the true face of a mass murdering, infant killing, sociopathic, Imperialist nation 'hellbent' on the age-old FANTASY of world domination. Every Empire that has attempted it, FAILED! Military, political and corrupt bribery methods were favoured by the Romans but all failed to maintain Empire. There is a VERY SIMPLE reason/explanation why Empires, BY NATURE, are self-defeating -- but one that clearly continues to evade most of the American population and 'intelligentsia'. We could write a script detailing how the now rapid demise of the USA will finally occur, but it is far more rewarding assisting a mass murdering, evil empire self-destruct -- 'God Bless Amerika,' you dumbarse fucks -- LMFAO! You have no idea how very sweet it is defeating a lumbering, moronic, SUPERPOWER with a 'slingshot'.
