

Leaders and Led

international / social/political / commentary

Leaders are our example and we should emulate and follow that example at all times, in this way we guarantee a future of complete destructive 'anarchy' for the world - 'blessed are the liars and murderers for they have inherited the earth'! Whatever the discourse and regardless of any other consideration we will incorporate it to achieve our aims. The law and other 'constraints' are for the weak; we create and alter laws according to our needs. 'Sedition' automatically implies our 'right' and your 'wrong' - we are the trustees of 'reality', we weave the social fictions YOU live by.

Faced with regulatory codes we are unable to alter we provide a new interpretation or commentary which displaces the values we wish to eliminate. We lead the dumb herd anywhere we wish, the bovine brain loves to be led; the destination is irrelevant, it may be paradise or it may be hell, the herd will always FOLLOW. The urge to resist remains dormant provided we keep you 'fed'. We are the herdsmen, and the herd is our resource.

We are the designers of our heaven and your hell, you are the labour pool that delivers our wealth. You willingly die in wars of our making and choosing, you love to die for us - you have always performed this duty.

Since the inception of mankind the order of things has never changed, from tribes to cities the elite rule and herds follow; 'there is nothing new under the sun' (we wrote that too).

Kissinger killed millions of innocent civilians but he is one of ours, none of OUR courts for him. But Slobo the enemy and various black-skinned warlords keep you all entertained. None of you are capable of altering our course or the status quo. From China to America the structure is the SAME. Names (communism/capitalism) are only veneers. The elite and the herd, from the first day to the last, that will never change; "baa, baa, black sheep have you any wool? Yes Sir, yes Sir, three bags full ...", nothing changes, you always acknowledge the MASTER and you will always provide for OUR needs.

How does it feel, you despicable slaves? We can insult you all we wish for we hold the rope that is tied to your nose-rings.

You are divided and conquered.
