Gillard "enthusiastic" about making Oz a PRIMARY nuclear target

Australia's Gillard LABOR government is about as popular as a piece of dog shit on the end of a stick at the moment. Gillard has just allowed the US to use Oz as an active, large scale military base - who asked the people? [Are we beginning to feel like Filipinos yet?] She is also attempting to implement the Goldman Sachs designed Carbon Trading scheme (con) based on the FALSE premise that Carbon emissions are the cause of Global warming - any independent scientist would inform you that the SUN is the major driver of climate on our planet and increased Carbon levels are a CONSEQUENCE of global warming NOT the cause.

Bad Company -- Gillard with lunatic, bomb, bomb, bomb Iran, John McCain

Al Gore tried his best to sell the carbon LIE to the world and almost succeeded but was [exposed](#) as a Goldman Sachs' crony and paid-for stooge - hello, Barack! Verify all the above yourselves and confirm that Gillard is a consciously deceitful Washington lackey that should be dealt with by our Courts for TREASON and that the Carbon argument for climate change is a FRAUD!

The global banking and financial elites are so concerned about the Oz population rejecting this flagrant con they have flown UK and EU 'experts' over to convince us -- with the 'profound' argument -- that because they have already implemented an ETS/Carbon tax we should follow! Of course these bought clowns are avoiding CLIMATE SCIENCE like the plague and the whole issue of the dubious 'science' behind the Carbon Con.

It seems the people have had enough of Goldman Sachs and their criminal cohorts destroying the global economy and then blackmailing spineless US tax-payers into bailing them out. The bankers gladly accepted the trillions of tax-payer dollars WITHOUT government or independent oversight, which, not surprisingly, resulted in banking executives paying THEMSELVES millions of dollars in bonuses!

You SEE, this tactic is to clearly indicate that THEY - criminal bankers and Corporate CEOs -- have

us by the balls, well that may be the case in the US and Europe but NOT SO here in Oz!

Bye, bye Julia (and Kristina) and every other LABOR and LIBERAL political lackey who dares insult the intelligence of the Oz public again.

The people may exercise their RIGHT and elect REAL INDEPENDENT REPRESENTATIVES into office.

If I was among the current crop of traitorous politicians I'd be worried, as LAWS already exist which would allow most Oz pollies to be EASILY tried for TREASON.

You think it far fetched? Well, think again!
