With a State election less than 24 hours away in NSW it is now time to wake from the media-induced hypnosis and saturation coverage of two only major party candidates and REALISE Y-O-U are able to VOTE for ANYONE you please, preferably someone that REALLY REPRESENTS YOUR INTERESTS, as it is ABUNDANTLY CLEAR the MAJOR parties represent the BIG end of TOWN or the Corporatist agenda. And as everyone now knows Transnational Corporations are responsible for the wholesale rape and pillage of our natural resources and polluting the environment. Furthermore, corporations only return tiny fractions of the ENORMOUS PROFITS they plunder to the people and society. That is how UNREPRESENTATIVE government works!

It is time to relegate criminal Corporatists and their political puppets to the wasteland (they have created). Regardless of how you view the situation, Transnational Corporations appropriating the wealth of the nation - OUR WEALTH -- for their own benefit, MUST CEASE IMMEDIATELY.

Forget about Murdoch and the mass media only PRESENTING TWO (2) options - there are as many candidates as have registered to run and that means that anyone that fulfils basic criteria is able to run in any democratic election, including you, if you so wish!

As is painfully evident today, the two party system is thoroughly CORRUPT; for the past few decades it has reduced to, LIE through your teeth to the public then pursue the Corporatist agenda when you gain office - Corporatists heavily fund (own) the major parties!

Reclaiming your nation from the criminal rogues that have hijacked it is only a vote away! RESTORING REPRESENTATIVE GOVERNMENT is as simple as YOU exercising your sovereign prerogatives and FREEDOM to choose -- other than media-presented major candidates -- and VOTE for whomsoever you feel possesses the INTEGRITY to REALLY represent your interests.

Relegate the BOUGHT major parties to the political wilderness; RESTORE representative DEMOCRACY and reclaim YOUR NATION.

Peace.

[If in doubt VOTE for INDEPENDENTS; nothing is worse than the major parties.]
