

NSW elections -- Kiss the Yank GOODBYE!

What a thorough travesty it was enduring a NSW leader with a stinking American accent -- for pete's sake! What were Labor morons that placed that fellatrice in power thinking? No doubt exposed CIA lackey, Mark Arbib, played his part in creating one of the most devastating Labor defeats in the history of NSW politics -- good riddance to American rubbish and the thoroughly CORRUPT NSW (Labor) right.

Bye bye, Kristina

The travesty of a yank in any political office in Oz borders on treason. But we can safely assume prior to the close of polls today that the good people of NSW will be spared the disgusting twang of the American accent in future!

We also take this opportunity to draw attention to the pending annihilation of Julia 'carbon tax' Gillard after her despicable, spineless, unabashed, GUSHING display of METAPHORICAL FELLATIO in Washington recently -- Gillard's gut-churning speech to Congress will no doubt go down in history as the world's greatest suck!

However, the mistake made by the people of NSW today was electing the 'other' Major Party to office -- *'things must change in order to remain the same!'*

Wake up Australia! It's TIME to reclaim OUR nation and deliver it from the hands of American colonialists such as Gillard, Rudd, Howard, Keating and their ilk. RESTORE Oz REPRESENTATIVE DEMOCRACY with REAL Aussie leaders, not the American CORPORATIST 'cocksuckers' [FACT] we've been forced to endure lately.

Vote for REAL Aussie Independent LEADERSHIP in future -- it's NO LONGER a two-horse, one-stable race, you dumb, duped fucks. THINK before you VOTE!
