

Flagrant US RACIST Propaganda

by van Monday, Mar 28 2011, 9:30pm

The 'Chinese Professor' going viral

With God on their side regardless of how many innocent civilians they murder or 'legally' torture, every American knows they are justified in doing anything they choose -- criminal or otherwise. When reason and LIES fail to sustain the argument/myth 'they' resort to the most outrageous racist propaganda seen since the anti-semitic attacks on the Jews by the Nazis. The video below has gone viral for a number of reasons but its overtly racist message is without doubt a calculated inclusion -- there were many ways of delivering this message without the need for OVERT RACISM so we must ask the question, WHY?

It would assist if we look at the reality rather than the propaganda/fiction.

Consider the number of military interventions America has undertaken during the past fifteen years and then take a long hard look at the reactions of China and Russia, a military alliance in the position to stop America in its tracks if it so chooses.

Consider the Balkan intervention first, a model for future invasions/interventions --the Libyan intervention today follows the Balkan model exactly and furnishes proof, even as I write! Understand that Yugoslavia was a TRADITIONAL ally of Russia and China, two nations that could have easily assisted their tiny ally and prevented its takeover by Western forces -- however, NO DECISIVE ACTION from either!

From that first trial run in the Balkans by the USA; testing the formula and gauging international reaction, away America went, murdering and plundering with IMPUNITY ever since! When States confront each other there is no LAW other than OPPOSITION from other States based on military might; the Sino-Russian military alliance could have easily prevented the USA and its pissweak allies from attacking far weaker nations. The relative peace during the cold war offers the best evidence of a standoff under the threat of mutually assured destruction or MAD.

However, the world has changed dramatically since the cold war -- Russia and China are able to resist but for all intents are IMPOTENT, cowardly 'superpowers.' They are economically and militarily able to oppose any nation but, as is painfully EVIDENT today, they do NOT for very good reason and it has little to do with perceived military strength or inferiority, both nations are fully CAPABLE of OBLITERATING the USA if they wish.

So THINK PEOPLE!

Your leadership regardless of which nation you live in, is a sham! [Other] Stateless and Borderless powers (guess) control the GLOBE and present the ILLUSION of opposition to the masses INCLUDING the use of blatantly racist propaganda, which the included video portrays so well.

While people are so easily led, divided and manipulated they will never know real FREEDOM -- ask yourselves WHY NO RESISTANCE FROM the Sino-Russian pact since the Balkans through Central

Asia and now North Africa? Because all nations are forced to do BUSINESS and TRADE in a GLOBAL environment and guess which forces control that game -- ***the Stateless Transnational Corporatists and Bankers?***

All these video/media tricks are distractions designed to manage the masses of the WORLD, as the ONLY thing that REALLY FRIGHTENS the CRIMINAL CABALS that run the game is a GLOBAL POLITICAL AWAKENING; POPULATIONS everywhere waking to the FACT that governments of whatever 'flag' or 'ideology' are all SLAVES to BIG MONEY INTERESTS -- the same as those attempting frantically to implement a PENALTY CARBON economy as I write.

While the people remain DIVIDED they will never know peace. I am speaking from an INTERNATIONAL PERSPECTIVE -- as WE are ONE, G-L-O-B-A-L-L-Y. All people everywhere united are not easily manipulated with racist tricks and other DIVISIONIST policies but stand UNITED INTERNATIONALLY via BORDERLESS DIGITAL MEDIUMS, which the powers are learning (fast) to use to THEIR advantage.

They are using this medium to maintain the current status quo of MASS INTERNATIONAL SLAVERY and social control, and recently, to effect 'social revolution' in nations whose resources they wish to plunder.

I leave you to analyse this video as an informed detached observer -- not a mindless moron -- and arrive at your own conclusions.

We are the masters of the digital age and we are able to unite GLOBALLY and remove the criminal filth from OUR seats of government if we stand UNITED.

This is not a dream it is a realisable REALITY -- it's a simple matter of UNITY and CHOICE.

I'll see you all when you tire of the facile divisionist tricks and tactics and the senseless, NEEDLESS KILLING, mayhem and destruction the cabals use to maintain their sinister control.

We are ONE, or we are nothing -- the choice, as always, is OURS!

Peace.

The Chinese Professor
