the moon sends a silver
beam to elevate
my love for you
tonight

the entire universe
embraces LOVE
as we embrace each other
in Love

ever so easy

surrender
to its intoxicating allures,
fold yourself in my arms
wrap your being around my soul
release your spirit,
ascend that silver stair
[heavenward]

i will chant it forever
the mantra,
i luv u, i love You completely -
i know no other way

seek refuge in my heart
and solace for your soul

receive me
as i receive you
in totality,
unconditionally and
be healed of all
your/my wounds and scars

be comforted tonight
and forever

your face lit
by the soft light of night
betrays a smile
a sigh escapes

variations merging,
harmonising
as One;
the moon,
sky, stars
you and i
