

Our World Our Responsibility

The world is the way it is because we, the majority, ALLOW minority, self-interested, criminal elites to Lord over us - nothing more complicated or mysterious than that!

Do not be fooled into the 'for and against' camps of orchestrated opposition, the responsibility for the state of the STATE falls directly onto our collective shoulders. It is the people, either by direct action or the lack thereof, that are directly responsible for prevailing circumstances and the conditions we find ourselves in today.

I recently viewed a [short video](#) of a principled woman blasting child killing war criminal, Condoleezza Rice at Stanford University, where Rice lectures in LAW -- please note the irony of a war criminal lecturing in international LAW, only in America!

Nevertheless, it was extremely heartening to see an American woman taking Rice to task and telling the story as it should be told; quite simply, Condoleezza Rice, is a child killing war criminal - fact! She held a senior position in America's most heinous criminal regime - a regime I would add that has been exposed time and again for its LIES, corruption, war crimes and other crimes against humanity.

The Cheney/Bush regime threw morality out the window, tore up the book of rules, the Constitution and the Bill of Rights and habitually breached international law and long held conventions that maintained relative peace in the world.

Today, mass murder, mayhem, destabilisation, war and state terrorism are commonplace because the majority failed to act when it was appropriate to ACT, after the EXPOSURES of criminal OVERT LYING and deception by corrupt governments which led unsuspecting populations into criminal wars.

No bleeding hearts or blamers allowed. The issue is simply this; a not very bright -- their tactics are facile and extremely transparent - organised, tiny minority holds sway over the vast, OVERWHELMING MAJORITY of the WORLD'S population.

Do not imagine for a moment or labour under the misapprehension that the GLOBAL MAJORITY is unaware of the facts and the social reality in which they live - while they may not be privy to the fine details they are acutely aware of illegal, invasive warfare, torture, mass murder and a raft of intrusions on civil and PERSONAL liberties -- how could you not notice genital groping at airports?

THE ISSUE quite simply is that CRIMINAL MINORITIES which have plunged the world into chaos and permanent war rule over us because we ALLOW IT.

If you desire real Change, it starts and ends with YOU!

OUR PERSONAL in/actions form the basis of the social reality in which we live - this is not rocket science.

We can begin to right the many wrongs by targeting the REAL PROBLEM (us) not shifting blame, avoiding responsibility and making excuses. A handful of conniving criminals are no match for the peace-loving MORAL MAJORITY. Do not look to others, take a stand and make a difference yourself - who knows, it may be contagious?

[Disseminate widely.]
