national / environment / other press

Oz PM and Senior Ministers are Criminally Liable for Environmental Destruction!

The following video, compiled from ABC and 60 minutes sources, delivers a clear and frightening message of government corruption by Corporatists and the wanton destruction of our environment and precious ground water.

Legal injunctions to halt the destructive and toxic gas mining practice known as "Fracking" must be issued immediately. The sooner our corporate compliant puppet government is held accountable for its clearly destructive actions the better.

Restore REPRESENTATIVE DEMOCRACY to Australia and cease the violent rape of our nation. Vote for LOCAL Independents that represent YOU in all elections!

If we ALL support each other and protect our local communities the entire nation would be saved as a result.

Withdraw all support from the corrupt major parties PERMANENTLY!
