

The UN Security Council and Hague Courts, a FARCE!

I recall a situational comedy sketch in a Peter Sellers Pink Panther movie, featuring the bungling inspector confronting a blind man; I couldn't do it justice with a description but as absurd as that situation was it doesn't hold a candle to the FARCE that is the UN security council and the international criminal court at the Hague.

It is clear, in view of the countless breaches of the UN resolution regarding Libya, that Ban Ki Moon is a CLOWN and would be better suited to a job in a circus. Following closely behind the incompetence of IDIOT Moon is the so-called 'international criminal 'LAW' courts at the Hague, which is the most biased court system since Nazi Germany. The OVERTLY PARTIAL application of the 'law' in that court system is beyond any semblance of legal impartiality; the court system experienced by Alice in wonderland seems reasonable by comparison!

International police agencies are not excluded from this corrupt circus run by criminal Bankers and Big Business; INTERPOL ignores its file on a KNOWN murdering, gangster, involved in the international heroin trade, weapons dealing, white slavery and now human organ harvesting! It really doesn't get much worse than those crimes, BUT Hashim Thaci has been installed as prime minister of the stolen province of Kosovo by the same interests that lord over the UN and the Hague courts, so hands off our criminal cohort, Thaci!

I would now ask those in 'high' office to refer to their dictionaries and look up two words "integrity" and "credibility," then get back to work serving Goldman Sachs and their ilk with LIES and more deception regarding the introduction of a PENALTY economy via an unmanageable, easily cheated -- for big polluters -- Carbon Tax!
