

## Missile Crisis in a Teacup

A considered and balanced view of the media event presently saturating the airwaves, the "North Korean Missile Crisis", would reveal an hysterical, farcical over-reaction! The Korean so-called long range ICBM explodes on launch – good one, Kim! But notice how quick the coalition of willing criminals are to utilise anything to draw the public's attention away from the criminality of Guantanamo Bay, Iraq, Camp Bond Steel (occupation base in the Balkans which utilises the services of East European child sex slaves to service American troops). THIS IS AMERICA, policeman of the world, welcome to 'freedom', exploitation and the pollution that is American culture. [The world needs the USA like it needs a hole in the head!]

Give us your young daughters, your wealth, your oil and any other resource we need. THIS IS A-M-E-R-I-C-A and if you delay we will TAKE what we need by FORCE. Welcome to the world of star-spangled democracy, liberty and the AMERICAN WAY!

If you listen carefully you will also hear some of the 'calls' from the chorus of allies. The Prime Minister of Australia excels as the grotesque squealer, the down-under rodent who leads a nation of cowards (if the shoe fits...). Anyone silly or scared enough to believe Howard, sees Australia as a nation 'high' on the list of North Korea's targets – ridiculous! Only a minor (aged) percentage of the moronic masses are hypnotised by Howard the coward, cream-puff, Downer, supercilious prick, Costello and the opposition of Labor imbeciles; rudderless Rudd and bag of methane, Kim Beazley (fart, by any other name). FOR WHOM DO YOUR CRAPULOUS ALARM BELLS TOLL?

I have done the rounds and everyone I know with an IQ above 5 believes there is no cause for alarm. You are losing your edge, or rather your propagandists and media consultants are failing you, have you noticed their increased agitation lately; not even the moronic masses are swallowing the load any longer? Do you hear the chimes of REAL FREEDOM and JUSTICE APPROACHING; borders falling, millions moving, rulers screaming – do you hear the not so distant sound?

Your lies, murder and deceit are our weapons; the weapons you have always offered the resistance; the weapons that have always effected your demise. Your criminality has already determined your fate! Who will protect you when the whole Truth is revealed and the people demand justice? Who will time the event, the speed of running consultants?

Oi, Australia, who allowed the nation to be led by a coward? Is it a coincidence the opposition is led by a personified fart? Do the Australian people believe in bad luck or are they too scared to think and determine their own course? The most calamitous events in Australia's history have resulted from servility to foreign powers. Nothing like a good history book to put a perspective on the present disgraceful situation.

"Australians all let us rejoice .." – OVER WHAT?

Endnote:

North Korea is decades away from any effective Inter-Continental Ballistic Missile technology. The

addition of appropriate nuclear warhead technology would place a real threat of successful inter-continental attack from North Korea fifty years into the future – and that, providing their faltering economy survives!

The present “crisis” is another opportunistically managed ‘event’. Has anyone noticed the behaviour of the stock markets or the price of oil/petrol/gas? WE ARE YOUR TRANSNATIONAL UNCLES, WELCOME TO OUR WORLD! Now there’s a real news story (likely to be buried).
