

## Order of The Day

Gone are the days of a fair fight and a 'just' war - whatever that insane expression is supposed to mean - today we have the actions of the 'might is right' ideology of barbarism. This 'new' primitivism is evident in the actions of Zionist Israel and the Zionist influenced USA. Today's wars are the most inglorious wars in human history. How proud we should be of our achievements when we allow idiotic differences and greed to escalate into bloodshed. What a 'noble' race of 'civilised' humans we are! View this planet as a visitor and be thoroughly appalled.

Our leaders are liars and murderers who preach hate on every front yet they all espouse religion! It may therefore be advisable, before the whole of humanity is annihilated, to take a look at these 'religions' of hate, murder, greed and DISHARMONY.

Can anyone imagine a Buddhist terrorist or a Taoist plunderer? Not likely, as these philosophies do not espouse violence against any form of life. They praise and extol the virtues of harmony - compare this to the Abrahamic religions of Judaism, Islam and Christianity! Where did the "subdue the earth" policy lead? Take a good look at the effects of pollution and the extinction rate of all species! The divisionism/disharmony of Abraham leads to death.

Refer to the Old Testament and you will find the first documented accounts of genocide committed by the Jews under the order of their 'God' (Joshua 6). Kill every man, woman and child in non-Jewish cities and towns BUT, and this is the clincher, take the gold and silver back to the "treasury" of the Lord - WHO ARE YOU TRYING TO KID with the flagrant lies of men? So God is a banker and a sociopath according to that diseased doctrine. Is it not time to waken, grow up and realise that the doctrines of primitive men are no longer a sustainable option in today's world?

Clearly, the violence and conflict that we witness today emanates from those who subscribe to the Abrahamic beliefs of violence, murder and plunder, THE PROOF is in YOUR FACE!

The Christian, Islamic and Jewish doctrines are DIVISIVE, antagonistic and therefore perpetually problematic - history records the ignoble exploits of all these religions.

Again I ask you to produce or even imagine a Buddhist terrorist.

Enough has been written here, even a child is able to see the obvious.

If the population allows the present trends to continue then the results are assured - widespread death, destruction and natural cataclysms. The fruits of Abraham are poisonous. Religions that divide and all those who subscribe must be eliminated as a matter of extreme urgency.

If you wish to survive, the total eradication of these groups must be effected without delay and by any means available.

Survival is still within reach.
