A structural engineer with a Doctorate offers new theory

The following video draws on the theories of Dr Judy Wood, Structural Engineer.

Dr. Wood offers a radical new theory to account for the almost complete disintegration of the Twin Towers and Building 7. She adds her voice to the thousands of PROFESSIONALS demanding a FORENSIC INVESTIGATION into the collapse of the towers at the WTC on 9/11.

Whatever the case may be regarding the cause of disintegrating materials one thing is SURE -- the Government Report on 9/11 is a FARCE!

We add our rational demand for a thorough forensic investigation conducted by INDEPENDENT E-X-P-E-R-T-S (not bureaucrats) on why ROUTINE investigative procedures were not followed after the most infamous building collapses in American history!
