

Australia - the latest US Colonial Acquisition

Jeffrey Bleich, US Ambassador to Australia, is currently in the far north overseeing new US military installations, gifted freely (and quietly) to Washington by treasonous - make no mistake about it - PM, Juliar Gillard. Bleich is due to report to his bosses in Washington on how the soft colonial takeover of Australia is proceeding.

Washington wisely chose to delay installing a large, permanent US troop presence in its new colony; however, the Ambassador is currently monitoring 'joint operations' of Oz and US troops.

Regardless of how America chooses to designate/label its uniformed troops; maintenance, engineers, joint ops or whatever, the foreign troop presence is REAL and is here to stay.

The US military presence will increase over time as the local population slowly adjusts to its new status as second class citizens in their own nation - a REAL consequence of military colonial occupation. Hence the need to VERY QUIETLY sign off on the construction of FIVE new FULL SCALE American MILITARY bases, which will also make Oz a PRIMARY NUCLEAR TARGET in the event of a US instigated conflict with our Asian neighbours -- the writing is on the wall!

In a local radio interview, or failed PR exercise, Ambassador Bleich was keen to portray the FAILING and CRIMINAL -- daily civilian killing - Afghan campaign as an ongoing 'success,' citing, as Hillary Clinton is often apt to do, the VERY few isolated instances of 'women attending school' -- never mind the FLAGRANT WAR CRIMES COMMITTED almost daily in the form of indiscriminate, deadly CIA DRONE missile strikes that kill countless women, children and all manner of innocent Afghan civilians - a reality the Hague, Pentagon, Washington and MASS MEDIA are at pains to IGNORE!

Bleich is clearly suffering from CULTURAL DISLOCATION if he imagines his obvious LIES to socially aware Aussies go undetected, we are NOT Americans, you stupid yank, clown! As for your transparent LIES, Mr Bleich, you can blow them out your arse the next time you're in Washington!

As indicated previously, by various contributors, a permanent yank troop presence in Oz would be characterised by American blood in the streets - we are nobody's servants or colonial slaves/under-dogs. It's a pity the same can't be said for our spineless, UNREPRESENTATIVE, corrupt and traitorous politicians. Even that poop-pushing, homo, Greens leader, Bob Brown, SUBSCRIBES to the ONE WORLD GOVERNMENT plan of Bankers, Corporatists and other (MINORITY) ruling entities!

Australia, a servile American colony, I wouldn't count on it -- we never show our hand, a habit we picked up during our brutal, penal colony past. In the event of another fabricated 'Gulf of Tonkin' conflict with Asia be careful you do not get targeted with pin-point accuracy, dreamboats -- you have no idea what you're dealing with.

UNDERSTAND, YOU ARE NOT WELCOME IN OUR SOVEREIGN LAND!
