### The Globalist Scam

I don't know who invented the children's game, 'Monopoly' but I'm sure they never anticipated or imagined its futuristic significance -- right down to the worthless, paper play money!

Today the IMF and The World Bank are the two economic arms of American Imperialism, or should I say fronts for the PRIVATE BANKING concern known as the Federal Reserve Banking System.

Greece [*and other nations*] are undergoing a social revolution at present due in large part to attempts by privately owned (global) banking concerns to debt-enslave those nations, for perpetuity - little wonder there is rioting in the streets! The only western democratic nation to date that has willingly handed itself over to American colonial slavery, is Australia -- isn't that right Ms '5 NEW full scale AMERICAN military bases' Gillard? Elite criminal Bankers are lamenting the fact they can't bottle Australian APATHY and put it in Greece's water supply!

However, the point and what is really at stake -- FREEDOM -- has not been lost on the Greeks.

In the same ludicrous sense that allows America to commit war crimes with impunity while its puppet judicial arm at the Hague prosecutes much lesser offenders, America, with a 'recorded' national DEBT of \$14 trillion hanging over its head, is IGNORED while much smaller, weaker nations are taken to task for 'fiscal irresponsibility,' WHAT!

Notwithstanding a few African dictatorships, America is the most fiscally irresponsible nation in the Western world. The cause is of course WARS of Imperial Expansion. Furthermore, large holders of US debt are aware that the USA is neither able or has any intention of honouring its HUGE debts to other nations!

BUT that's only half of the hatter's tea party. Imperial America via its IMF and 'World' Bank, enslaves other nations with UNPEGGED, worthless paper currency its Federal Reserve prints AT WILL! American currency and all other currencies connected to the Reserve Banking System have no more intrinsic value than the ink and paper they're printed on! This situation is without doubt, the greatest CRIMINAL CON the WORLD has ever seen -- it accounts for all the disparities, injustices, poverty, WARS and social conflicts in the world today - FACT!

The obvious SOLUTION, as the people of Greece, Spain, Italy, North Africa and the Middle East are fighting to apply, is simply to REJECT the worthless greenback as the world's reserve currency and establish NATIONAL SOVEREIGN BANKS that print their own national currencies based on a nation's natural wealth, prosperity and of course, a nation's MOST VALUABLE RESOURCE, its POPULATION (excluding Australia, of course!)

Those currencies would then reflect REAL assessable VALUES/worth and immediately put an END to ALL the GLOBAL Financial FRAUDS facilitated by the greenback and committed by global Banking/Financial elites today!
