Oz citizen takes Gillard to task over flagrant Carbon DECEPTION

Facing 60% local opposition to the Goldman Sachs Carbon Tax, Juliar Gillard has been ordered to get out there and sell the un-mandated, unwanted, Carbon Con to the Australian public; but after today's confrontation with an irate woman, who clearly didn't appreciate Gillard gaining office on a BIG LIE, her handlers may think again before exposing their PUPPET to the public at large!

Juliar Gillard

An Aussie woman, in a measured but determined tone, confronted Juliar Gillard over her massive deception regarding imposing a Carbon Tax on the public. The woman put it directly to the PM, "Why did you LIE to me?" After Gillard fumbled for a very unconvincing response, the woman ended it with, "you're still LYING!"

Well of course she's still LYING! Juliar Gillard is a brazen Corporate lackey and a reprehensible LIAR of the worst kind. After convincing (naive) former PM Kevin Rudd to dump the proposed Carbon Scheme (ETS) -- thereby losing all credibility and public support -- Rudd's only support base -- she then stabbed him in the back and took the leadership.

If that little exhibition was not enough to alert the public to her true character, Gillard then promised/vowed/assured the PUBLIC that a government she leads would NOT impose a Carbon Tax on the nation! Well, we ALL know how much weight that promise carries today!

If a picture is worth a thousand words the linked video is worth a trillion; I hope it goes viral on youtube.
