Watch and wake up to the OBVIOUS!

We should never forget that the 9/11 'incident' is the primary excuse for the loss of OUR liberties and the many invasive wars of acquisition and plunder the US and NATO now wage. Our hard won freedoms and world peace may have been hijacked on a pack of LIES and planned criminal actions and deceptions, you decide!

For some, facing Truth is a traumatic experience, for others it is LIBERATING, to which category do you belong?

The EXPERTS are not wrong; thousands of engineers, architects, firemen, police, demolitions experts and physicists all agree that WTC building 7 was downed by controlled demolitions!

Who and what would you believe, your own reason, the experts -- with nothing to lose or gain -- or our highly questionable government with EVERYTHING TO LOSE?

A world run by criminals soon becomes a hell; people who allow criminals to destroy their chance for a peaceful, happy and sustainable future, deserve the hell criminals create for them.
