

## Who exactly Fears Our Freedoms and Our Inalienable Sovereign Rights?

One need look no further than the current Libyan travesty for an answer.

A few important FACTS first. Libya was a debt-free nation with a multi-ethnic population enjoying the highest standard of living in all Africa; indeed above that of many other nations in the world. Libyans also enjoyed free health care and education and most of the benefits of a fast developing modern nation. Libya had established its own multi-billion-dollar Sovereign Wealth Fund and State owned, as opposed to Foreign owned, BANKING system, which functioned outside the reach of the global Reserve Banking System based in New York and London.

In a very real sense the average Libyan was freer in social and financial terms than the debt-strapped, genitally groped average American, so why the need to destroy a nation which should have been a model for all Africa and indeed most developing nations throughout the world?

Today, while the illegal war continues to rage, it is openly known that the CIA and NATO instigated the protests that triggered the Libyan 'rebellion.' NATO and the US then PREDICTABLY seized the opportunity to attack the Libyan government when it attempted to restore order and quell an armed insurrection - we all know how American authorities react to armed citizens; a recent incident involving a [veteran](#) protecting his home and family ended with the veteran sustaining 71 gunshot wounds by amphetamine crazed and steroid hyped (make no mistake) American police for NO legal reason whatsoever, it later became known. Notwithstanding the American police insanity, it is perfectly appropriate for any government to legitimately attempt to restore order, especially if an armed rebellion threatens the lives of its citizens. In other words the Libyan government response was not only legitimate and perfectly LEGAL, it was required! And had outside forces not interfered, the 'rebellion' would have been quelled in no time and stability restored.

However, as was the case in the orchestrated Balkan intervention, other forces had very clear designs on SOVEREIGN, financially independent, Libya.

We note today that (criminal) western forces seized Libya's entire multi-billion-dollar sovereign wealth fund and hurriedly established a Reserve Bank, "with a governor," in Benghazi while the conflict was barely weeks old! A rather odd occurrence in a time of instability and war, wouldn't you think? However, we must not forget that the criminal forces at work FEAR, with a pathological mania, a FREE SOVEREIGN nation independent of their FINANCIAL (debt-slavery) CONTROL.

To cut to recent events; US, NATO, EU and other allied representatives met in Paris to arrange, on behalf of THE GLOBAL RESERVE BANKING SYSTEM AND TRANSNATIONAL CORPORATIONS, the enslavement and plunder of a once free nation!

The usual criminal formula was applied. Be assured, whenever you hear the words "AID, RECONSTRUCTION, DEMOCRACY etc," mentioned by western (criminal) forces it simply indicates massive loans and eternal DEBT in order for other commercial interests to 'legally' enslave/impovertish a population and plunder natural wealth and resources - this is the classic

method of Bankers and Corporatists; some call it Imperialism but we can be more specific.

Behind these faceless criminal institutions a small minority of psychopaths and criminals (executives) work tirelessly for their own personal gain/PROFIT and to hell with every other consideration, including innocent human life, property and the environment! We have seen their handiwork over the past decade; THEY orchestrated the 9/11 event to JUSTIFY all subsequent illegal, invasive wars of plunder, mass murder and appropriation/THEFT -- look at who stood to benefit most and it becomes clear; notwithstanding the abundance of scientific evidence and expert opinion supporting a conspiracy.

I hope it has become evident that it is not other nations or fanatical religious groups that FEAR and loath OUR FREEDOMS it is the criminal RESERVE BANKING SYSTEM and TRANSNATIONAL CORPORATIONS that FEAR us MOST - do not be deceived, these criminal forces can only rape, plunder, murder and pollute with relative freedom in WORLD that is heavily burdened or '*debt-strapped!*'

We should NOTE that no 'loans' or 'reconstruction aid' -- pretexts for plunder and slavery -- would have been required if NATO and the US had not undertaken an extraordinarily FRENZIED and destructive bombing campaign on Libya; literally, thousands of missiles and high explosive ordnance has been rained on Libya by forces working in the interests of BANKERS AND CORPORATISTS!

Disseminate this story widely and target the real criminals behind all the NEEDLESS, destruction wars, mass murder and environmental vandalism occurring today. Need we ask ourselves how an odorous, unrepentant, self-confessed torturer, war criminal and servant to Corporatists and Banking elites, Dick Cheney, remains free from prosecution today?
