Reprehensible lying bitch Juliar Gillard, yes the same as gushed profusely in Washington and signed off on FIVE full scale US military bases making Oz a primary nuclear target, now wishes to reform the people's party of Australia along American lines.

Corporate lackey, Juliar Gillard

Is anyone surprised by the actions of this Goldman Sachs Carbon Tax traitor who once attempted to grant Corporate bosses the legal right to spy on the private emails of their employees? There is nothing good that issues from America and ABSOLUTELY NOTHING good about corporate and Washington LACKEY Gillard.

Gillard says she wishes to improve the party with her reforms, well the best thing she can do to improve the Labor Party is RESIGN; this albatross of a PM must be removed one way or the other. If she is too selfish to step down or resign then steps must be taken by the Party to remove her. She is the most incompetent and lacklustre political leader the nation has ever known -- Keating may have been hated at one stage but he was never a bereft of vision DETESTABLE, gushing groveller and corporate lackey.

It is really very simple to improve the Labor Party. Currently it serves the interests of Washington, Transnationals and the Banking, Corporate elites; if Labor wishes to stem the flow of outgoing members then it should return to Labor basics and represent the PEOPLE -- today the people of Australia lack a REAL people's Party. A political void that must be filled by a new party or a GENUINE Labor REPRESENTATIVE of the PEOPLE.
