[Video records](#) of unrestrained police brutality and pepper spraying of contained and non-violent protesters at the NYC "OccupyWallStreet" ONGOING EVENT mark a watershed in MORON American modern history. Have you people no memory of what occurred in the 60's when police decided to use EXTREME force against the public? THE ENTIRE NATION ROSE UP AGAINST THE CORRUPT, CRIMINAL ESTABLISHMENT! You almost lost it then, it was only a campaign of criminal assassinations from the President down to political pop stars, which eventually contained the situation. But you can't do that TWICE! Not that anyone would give a hoot if you knocked (puppet) Obama, your man in the White House!

The NYPD is now infamous throughout the world. Well done sadistic Police and moron superiors - all that training and you fell right into a PR trap planned by CHILDREN, how professional, you empty-headed goons! Clearly you've learned NOTHING from the (very recent) past; we recommend film footage of 60's protests, easily located in archives across the country, BUT to REMIND a specific, sadistic, MISOGYNISTIC, COWARDLY, New York pepper-spraying PIG, whose IDENTITY is NOW KNOWN I-N-T-E-R-N-A-T-I-O-N-A-L-L-Y, of the CONSEQUENCES of such BRUTAL actions -- the entire western WORLD was galvanised into ACTION and the antiwar protest SUCCEEDED! However, the political objective of the current protest is to eliminate a minority class of criminal executives and other corrupt social PARASITES, a far more pervasive ACTION, which would transform the GLOBE if successful.

Mayor Bloomberg and HIS Police Chief have no choice but to publicly REPRIMAND and punish the sadistic officer concerned. Any cover-ups or placations would be detected instantly, don't even think it! Good luck you witless imbeciles, you are stuck between a rock and a hard place and anything you do would add more fuel to the social unrest. You have unwittingly done more to support this revolution than youthful protesters could ever have hoped for!

O, and by the way, you are clearly NOT up to the task - it's over for the GLOBAL criminal banking elites (most of them know it); they have no conception of the forces that oppose them - lol -- but

please, give it your best shot; your fifth rate consultants and FASCIST PIGS would surely guide you all straight to hell. And never forget, there's a light pole with YOUR name on it!
