

## Could the 'Occupy' movement be the first Matrix, "there is no spoon," Revolution?

Nation wide 'Occupy' protests are now characterised by their inability to articulate anything coherent. Like all idealists, protesters imagine just "being there" will accomplish their unarticulated objectives - oops, I forgot, they have no defined objectives! Nevertheless, somehow these unarticulated, undefined objectives will be realised - "the power of ONE" will get them through. Where to you may well ask, I'm not ordering lunch at the moment!

Sometimes I wonder how 'Occupy' protesters feed themselves; imagine an 'Occupy' protester ordering a meal, I'll start with a 'blank' please, then a little 'blank' to have on the side and we'll finish, of course, with, 'blank à la blank -- perfect!'

Apologists for the movement are coming out of the woodwork -- Klein, Krugman, Grayson, Hedges -- to articulate for these apparently autistic kids, but we all know that's not how it 'works.' Only the kids really 'know' and 'see' how it 'works,' you can read it their vacuous eyes and mute smiles.

I think it was Hedges who stated that the elites are in "Trouble," a somewhat tamer title than Krugman's "Panic of the Plutocrats;" however, neither title alludes to anything even remotely accurate. Ruling elites have been running the world on abstractions, vagaries and pure fantasy for centuries, they ran the "yes, we can (what?)" unqualified slogan campaign, remember? These kids are new and very raw at the allusion game.

The elites have the entire WORLD convinced that it is nature's or God's will that they should have the lion's share of EVERYTHING - a total fiction/fabrication for the benefit of elites and the duping of the masses, 'but that's the way it's always been' -- that's got 'em convinced!

Elites also have the majority convinced that PROFIT is NOT theft but is a NATURAL form of acceptable robbery like INTEREST - give me a blank, break, please! But the best is the fiction of 'private property,' as if the earth/nature somehow belongs to the person brandishing a title Deed - O, but the 'law' protects us! Does it? The elites break LAWS and conventions daily, killing innocent civilians, invading and plundering weaker nations, with IMPUNITY - what or whose, fuckin' L-A-W

are you referring to? Have we woken, yet?

But the cherry on the moron cake is the reality that elites have managed to getaway with the most transparent, flawed, bungled, crime of the millennium - operation Northwoods, anyone? The ludicrously flawed and completely bungled 9/11 false flag operation stands as the most LEGITIMATELY exposed crime of all time YET the elites are safe in the knowledge their absurd, fantasy explanations have YOU convinced -- and you think THEY are in "Trouble" and 'Panicked!' Get a fuckin' grip and realise what you're dealing with, a thoroughly criminal, corrupt, homicidal group of psychopaths equal to if not surpassing any that preceded them in history.

Get a grip Hedges and the rest, these elites have recently SLAUGHTERED over a million innocent civilians in order to appropriate Oil/money, they have no compunction whatsoever about resorting to ANY tactic - and ALL are at their disposal -- to preserve the current (criminal) status quo.

They have recently normalised perpetual war, torture, kidnapping and indefinite detention without charge and were headed for 'thought crime' penalties the last time I looked. But 'we're' gonna sit them out in the park with no demands, no direct action or coherent strategy and drum them to death -- sure you are! They will ignore you until you are forced to do something or become irrelevant.

Sooner than you think you're either gonna have to start measuring lengths of rope or find yourselves a team of ventriloquists.

You all know that I really support the 'CAUSE;' so I would offer one word that is broad enough and accurate enough to deal with all the criminal elites and issues of the day, can you guess - yes, JUSTICE! That is what the entire world wants NOW, more than even food - and it's only got seven letters.

Practice often and soon you too will be able to articulate, J-U-S-T-I-C-E!
