international / social/political / news report

We KNOW EXACTLY who you are, you are the moronic masses, the 99%. Traditional cannon and factory fodder, slaves earning a pittance and working for elites, as you have always done. Be content with your lot, you have proven you prefer to be subjected and ruled rather than free, you pathetic beasts of burden.

moo!

The shit-eating 99%, always making a fuss but achieving NOTHING of any major import, born to be RULED, subjected and completely dominated by superior beings -- the unified elites. How does it feel, O you who are divided, you dumb fucks?

There is NOTHING you can do to change the status quo, you miserable zeros. Give it your best shot, gives us some real entertainment, as we CONTINUE to wipe our arses with you on a daily basis -- THAT IS REALITY, dreamboats!

We own your state institutions, governments, military and police -- we own and run everything, morons, you DEPEND on us, you always have.

To the victors go the spoils, you shit-eating, EXPENDABLE, vermin -- how dare you question the elites!

We are able to plunge you, the entire GLOBE, into total chaos overnight, so we suggest you be content with what little you have, lest we decide to take that from you.

Enjoy your shit sandwiches, sports, drugs and TV, while we enjoy our banquets and the best of everything!
