

Onward to Syria!

by quill *Thursday, Oct 27 2011, 1:19am*

international / peace/war / commentary

While American alternative commentators and analysts, who SHOULD KNOW BETTER, continue to be 'fascinated' with the [OTPOR/CANVAS](#) engineered do-nothing, Occupy movement -- the world's first DO-NOTHING 'movement' -- the REAL FORCES OF CHANGE haven't missed a beat since their criminal interventijon in the Balkans.

While intellectually 'captured' commentators continue to laud a movement DESIGNED to achieve NOTHING and write commentary on distractions, realise that the criminal activities of NATO and the US, which now include the normalisation of (illegal) targeted assassinations and horrendous sexual assaults of their targeted victims (Gaddafi), continue to move forward on the ground and will continue to do so until they ARE PHYSICALLY STOPPED!

The MASS MURDERING, criminal forces of real CHANGE are about to move on SYRIA - that is the REAL-ity, dreamboats!

I really have to hand it to the elites this time; they have captured (almost) all the alternative American press with a hollow, bells and whistles, flashing lights display designed to NEUTRALISE and DISTRACT, while 'they' continue to commit war crimes and normalise those crimes - give me a fuckin' break you vacuum-headed imbeciles!

Puppet Obama openly boasted in a recent press conference how, *"without putting a single US service member on the ground, we achieved our [nefarious] objectives,"* [special forces and CIA agents clearly don't count!]

However, fortunately for the thinking, FREE PEOPLE OF THE WORLD not ALL commentators have been captured by the SAME propagandist forces that planned the criminal Libyan intervention AND the 'Occupy' movement - a little research goes a long way, doodles!

Whatever they put in the drinking water over there and whatever subliminal messages populate the subtexts of American TV content - IT WORKS! Are you readings this, Hedges, DeGraw, Olbermann, Maddow, Uygur, Taibbi, Goodman and the rest? [Fair Dinkum they are weak-minded over there!]

Even Jesus Christ -- by EXAMPLE -- constantly railed against the criminally corrupt ruling elites of his day, he CLEARLY DEFINED an ALTERNATIVE IDEOLOGY and ACTED ON IT by marching on the Capital where he attacked the corrupt Banksters/money changers with a whip and PHYSICALLY EJECTED them from the Temple! The CHRISTIAN NARRATIVE IS VERY CLEAR regarding social reform! I'm a Buddhist but have no difficulty interpreting the actions of a REAL SOCIAL REFORMER when one is so clearly and distinctly presented in a NARRATIVE - you dumb, useless, American fucks!

Meanwhile back where REAL things are happening, nefarious elites are about to move on Syria -- you see, while commentary rages over the Libyan travesty, IT SERVES to DEFLECT attention away from the next criminal engagement - THAT IS HOW IT WORKS, dreamboats, 'the quick and the [literal] dead!'

NATO's crimes from the Balkans through to Libya remain academic if no APPROPRIATE REMEDIAL ACTION is taken BY THE PEOPLE; it is clearly evident today that no other force is able to change the current Status Quo - the elites have corrupted every State institution from government down, which could pose a threat to their nefarious plans for GLOBAL hegemony. Now wake the fuck up, PLAN and take A-C-T-I-O-N against the Bankster and Corporatist filth behind ALL the murder, destruction, economic chaos and mayhem the world is experiencing today.

When dealing with homicidal, criminal forces every 'remedial' option should be considered, no option should be ignored - these vile characters have just normalised targeted assassinations/murder in case you haven't noticed! O, but I forget, we are 'Occupying,' drinking 'tap water' and watching 'American idol' on TV, for fuck's sake!

Martin Luther King was the last America to follow the example of his Christian Saviour by MARCHING on the Capital with very clear DEMANDS and objectives; he REAL-ised his 'dream' and achieved the emancipation/freedom of his PEOPLE -- now compare that towering figure with that repugnant, servile punk, Obama!

This White House press release is of value in spite of its flagrant lies, inaccuracies and revisionism. The invasion of Libya and removal of Gaddafi was planned years before the CIA fomented 'rebellion.' [Gen. Wesley Clark](#) and other former high ranking officials are on record verifying the planned Balkan, Libyan, Syrian, Iraq, Afghanistan and future Iranian invasions and resource appropriations -- minority criminal elites have an agenda -- GLOBAL hegemony -- and work tirelessly toward its fulfillment!

The tailored misrepresentations and lies Obama is obediently mouthing in this video is the way elites would like the world to perceive events in Libya. In the absence of opposing views and correcting forces this revisionist propaganda will become accepted recorded history.

Elites have been informed that all recorded information will soon fall under their control, probably via Google's plan to digitize all available information and then place it online in any form they wish -- Google's chairman, Eric Schmidt, is a regular attendee at Bilderberg gatherings, so you needn't think this is wild conjecture on my part -- IT IS disturbing FACT!

If the PEOPLE do not OPPOSE the overt criminal forces that have hijacked our representative democracies and restore law, justice and Liberty soon, then their future (complete) enslavement is ASSURED!

NEVER FORGET that Libya under Gaddafi was a DEBT FREE, SOVEREIGN nation, one of the few, if not the only nation in the world that was not indebted to the Global Reserve Banking MAFIA -- a situation that criminal Banking cartels could not tolerate; hence the panicked installation of a Reserve Bank, "with Governor," in Benghazi during the 2nd week of a raging conflict!

VIOLENTLY IMPOSED 'western democracy' (neocolonialism) will no doubt come with a HUGE international DEBT BURDEN to the Banking elites -- all those costly American bombs and missiles -- which of course will be payable via bargain basement oil prices and social slavery!

The African Union must CONTINUE its efforts to establish its own Independent GOLD-based banking system envisioned by Gaddafi -- there is no better defense against western neocolonialism, be advised, brothers! Latin America would soon follow and the Asian

economic powerhouse would not be averse to this outcome.

We are ONE.
