The featured video highlights all the hypocrisy, double standards and the grim Truth of America today. What you see is pure unadulterated Police State tactics against non-provocative, peaceful students. This is not footage from Latin America or totalitarian regimes abroad -- it's good ol' Police State, USA.

America has NO grounds or moral platform from which to lecture any other nation on civil rights, social freedoms or human rights. What a thoroughly APPALLING, sadistic and brutal display this documentary digital record contains.

Undisguised Banker/Corporate controlled Police State USA! How's it go again, U-S-A! U-S-A! U-S-A! Oink! Give me a break!

A note to protesters. Allowing yourselves to be brutalised and treated like sheep led to the slaughter is NOT INSPIRING nor is it a short or long term WINNING/survival STRATEGY. You have merely highlighted what the world already knows -- the USA has locked down its own society (TSA genital groping etc) and is now attempting to militarily lock down the entire WORLD.

You morons will note, when YOUR steroid soaked, amphetamine hyped, brutal mercenary police and military try these tactics abroad they get KILLED, you dumb, useless, fuck's.

DYING IS EASY, LIVING IS HARD!
