Occupy a CAUSE and CONVERGE.

A CAUSE focuses and concentrates scattered energies to form a 'beam' that could cut through the criminal system as we know it today.

Also, it is time that intellectuals and apologists cease apologising for a movement that has no clear objective/agenda -- apologising only exacerbates the problem and serves to further weaken and scatter already scattered energies.

Wake up morons, you have been paralysed by design! The enemy is in your midst and face; it is time to FIGHT in every creative manner imaginable. The criminal cabals are fast running out of time! They either overcome you (by force/deception/stealth) or they lose EVERYTHING; turn on the KNOWN criminals NOW!
