## **Only You**

only you
offered a saving hand
while kin and others
gloated like ghouls
and vampires
over my slow demise -feeding on my misfortune

you hauled me from the mire while others urged you to abandon a 'lost cause', a 'hopeless case'

you turned my morbid introspection/focus outward and fixed my gaze on the stars prepping my mind for the splendour of Infinity

you
taught me
to abandon the discords of death
and embrace the harmonies of life

you did this for me without the slightest selfish motive or expectation

it was your selfless, benevolent actions that transformed my being and brought me back to myself

be pleased in the knowledge that your selfless work blossomed into a devastating force that drives malevolent elites to distraction.

to think how close to death

i was before you found me; muse over the thought that today the life you saved is targeted, hunted though they have little chance of success thanks to the survival mechanism you planted in my being

eternal gratitude and heartfelt thanks to you, a kind Samaritan reviled by tribal Jews and Romans alike.
