

Obama: Gutless, Lackey, Puppet

international / social/political / other press

After four straight years of flagrant policy reversals and pursuing the neocon agenda, puppet president Obama has become a known quantity; not only to the disappointed and disillusioned American population but to the entire WORLD.

This is the president that promised to end the wars, close Gitmo, end torture and restore the nation. He has done everything but; so much for political promises and the integrity of the presidency!

The lobotomised local population may accept such flagrant policy reversals as normal -- their reward for acquiescence is indefinite detention on suspicion without trial or charge, passed into LAW. However, the international community expects more, at least a semblance of 'INTEGRITY'.

The following interview tells it as it is -- this black (unfortunately) lackey SLAVE to the criminal ruling elites is a reprehensible COWARD, pure and simple; anyone that votes for a LYING, duplicitous COWARD deserves everything they get! Vote for anyone before Obama, the junk yard dog, they couldn't do worse than this duplicitous, tap-dancing, sell-out, coward!
