Has EVERYONE in the Australian Labor Party taken leave of their senses? A showdown between two reviled leaders, pathological narcissist, spoiler and show pony, do-nothing, photo-op Rudd and US doormat, corporate and loathed Banker lackey bitch, 'Carbon Sachs' Gillard, the most unrepresentative, undemocratic PM Oz has ever known - are you people seriously entertaining that absurd gambit when the OBVIOUS REQUIREMENT is to SACK THE BLOODY BOTH OF THEM and clear the air ONCE AND FOR ALL - it's the ONLY VIABLE and PRACTICAL SOLUTION, you spineless, insular, navel-gazing, Labor imbeciles?

The absurd drama between this TOXIC DUO, whatever the outcome, promises one thing sure, the ABSOLUTE annihilation of any chances Labor may have had at the next election.

The opposition can't believe its luck; the only thing that would worry them at this stage is a complete break from the current situation and a new vibrant Labor leader emerging; one able to represent and connect to the people, not a difficult t/ask in the present circumstances!

Try taking a look at the broader picture for once and NEVER leave your COMMON (Labor) SENSE at the Caucus door, morons! Give yourselves and the nation a break; no-one likes Abbott but you are ALL making him a gift of the office of Prime Minister, dunderheads!

The situation in Labor has deteriorated to the EXTENT that a clean sweep is the only viable solution.

JUST DO IT, you witless, mindless, navel-gazing, C-O-W-A-R-D-L-Y clowns - ANYONE is preferable to either of the TOXIC DUO!
