Washington doormat Juliar 'Carbon Sachs' Gillard -- soon to be former PM of Oz -- was quick to reassure her American masters that SHE is committed to HER mission in Afghanistan; perhaps she should ELABORATE or try to justify the presence of brave Aussie troops fighting filthy, illegal, civilian killing, AMERICAN wars for PROFIT in Afghanistan!

Lackey idiot, Juliar Gillard!

Her sickening undying "pledges" and "vows" to her American masters remind us of her stomach-loosening grovel to the US Congress and the pathological need of a frustrated schoolgirl and unfulfilled woman looking for someone to serve and love, absolutely pathetic! Gillard is clearly stunted and ill-equipped to be an independent, national leader; she has not earned the title of 'Washington doormat' for nothing!

Gillard is both a tragic and PATHETIC figure as she OPENLY displays her FAILINGS to the WORLD - she is the most unrepresentative and reviled PM Oz has ever known and its easy to see WHY!

Traditional Australian egalitarian values of a fair go and fair play, clearly PROHIBIT our involvement in illegal child killing, COMMERCIAL wars for the benefit of Corporate and Banking criminal elites; notwithstanding that Afghans are the most fiercely independent people on the planet and are clearly able to take care of themselves. Nevertheless, we should allow these war-ravaged tribal people to get on with their own lives, 'to live and LET LIVE' -- murder, indefinite detention and extra-judicial assassinations are NOT the Australian way! Gillard should pack her bags and go to America, where she can 'pledge' and 'vow' undying support for Washington forever, please relieve Oz of your embarrassing and pathologically warped presence, Juliar!

The illegal and immoral Afghan occupation was lost years ago, MORALLY and strategically; no justification exists for an Australian presence in this region. Aussies fight honourable and just wars, NOT filthy little, civilian killing wars of occupation for American CORPORATE interests! There is a very good reason why SUICIDE is the highest cause of American deaths in these dirty, criminal, civilian killing wars for PROFIT -- the TRUTH on the ground is an appalling and horrific criminal travesty -- LET IT BE KNOWN! The latest tragedy is typical of the psychosis that plagues all US

forces -- when the ugly TRUTH and REALITY of criminal wars on the ground collides with the propaganda/lies of military indoctrination, the soldier's mind breaks and psychosis results!

The enemy is NOT the Afghan people, it is the Corporate/Banking cartels and the puppet politicians that serve them!

Report from the mass media follows -- note the opening paragraph:

Afghan [civilian slaughter] deaths 'won't stop our mission' - PM

by Phil Hudson

PRIME Minister Julia Gillard today vowed Australian soldiers would stay in Afghanistan to finish their mission as she offered condolences after a rogue US soldier killed 16 civilians.

Ms Gillard described the attack as "an appalling incident involving a rogue US soldier" and said she was waiting for more information about what had happened.

"On behalf of the Australian Government and the Australian nation I offer our condolences to President Karzai and to the people of Afghanistan, most particularly the relatives and friends of those who have lost their lives," Ms Gillard said.

"I'm not in a position now, because details are sketchy, to go through full details of this incident or to speculate on motivation.

"But we do know that a large number of Afghan families are grieving today so on behalf of all Australians I offer my condolences."

About nine children are believed to be among the 16 civilians killed in the attack that President Karzai described as "unforgivable".

Ms Gillard said Australia would not pullout early from Afghanistan.

"Our mission in Afghanistan is clear and our commitment to it remains firm. Of course an incident like this is a truly distressing one, but it's not going to distract us from our purpose in Afghanistan and our clear sense of mission in Afghanistan.

"We know what we're there to do, we know the time frame that we are doing it on and our commitment remains clear," she said.
