

## **It's Thursday and ALL is NOT right with the WORLD**

international / social/political / opinion/analysis

Another day dawns; the USA remains the leading civilian killing terrorist nation in the world; it recently conducted a soft invasion of Australia via its puppets in Canberra; America maintains its divisionist strategies in the Balkans, the far East and all its other occupied, conquered and RUINED territories; the ICC has been exposed yet again as a thoroughly corrupt politicised and extremely partial court, it's BLIND to Israeli and American war crimes!

Without further elaboration, and there are reams -- it is starkly evident the WORLD has gone to hell in a hand basket -- so what do YOU have to say for yourselves, for allowing it, sheeple? Cringe, cringe, bray, bray, moo, moo and cluck cluck!?

The criminal Federal Reserve Banking System continues to print paper money from thin air (QE-1,2 and 3) to cover a failed global economy and continue its debt-enslavement policies -- the masses our bound with PAPER chains -- you should be thoroughly ashamed!

Tomorrow is Friday!
