## **Streams**

with every beat, it flows and courses

circulating propelled by a heart's beating desire

memories fade, wither and fall like autumn leaves phantasms, ghosts, devoid of relevance they slowly dry and die -litter on the forest floor

parched, thirsty seeking moisture which only a passionate heart is able to give

tears
of sadness,
regret and joy
petition the sky
to release its
liquid treasure -renewal

sometimes only a shower other times a torrent this fertile forest waits patiently, it blooms only when revived by your rain

each new virgin flower, every blossoming bush anticipates

## your arrival

armed with your rainbow and attended by the sun you release your life-giving moisture

the rarest flower
hidden
deep in the
heart of the forest
blossoms only
when awakened by your
sweet rain and
streaming caresses
