national / social/political / opinion/analysis

Elections Oz and campaign JOKE! Representative LEADERSHIP HAS DIED IN AUSTRALIA; today 'democratic' elections are pure FARCE. The field of hopefuls are carefully sifted and vetted by the powers, of the powers, for the powers prior to any election. I refer to the real powers that control this nation; TRANSNATIONAL CORPORATE POWERS DICTATE POLICY to governments regardless of which party wins farcical elections.

The servile cowards vying for government are arguing over the placement of deck chairs on the Titanic or rather the colour of tablemats at the mad hatter's tea party! NOT ONE candidate has addressed the FREE REIGN of rapacious TRANSNATIONALS and the rate at which our very FINITE RESOURCES are VANISHING!

Take one look at the skyrocketing PROFITS of these institutions and wonder why we are treated as modern Aborigines in our own land/nation! YOU/WE have allowed these CORPORATE PIRATES to plunder OUR LAND by supporting FARCICAL ELECTIONS.

What percentage of OUR WEALTH flows back to enhance our culture/SOCIETY and relieve CRUSHING DEBT BURDENS -- which somehow have never been greater! Makes even morons think, don't it, Bazza?

How is it possible that our leaders allow hundreds of BILLIONS of dollars to be ripped out of the ground while we suffer deprivations, failing essential services and infrastructures? Answer: Corporations have one consideration, the maximisation of THEIR PROFITS, no consideration is given to fucking useless, apathetic, bludging, Aussie peasant, MORONS -- is that CLEAR, cobber? Did we work, fight and build this nation so a bunch of servile cowards could donate it to the TRANSNATIONALS? It may be time to ask ourselves some simple questions.

The Australian nation is relieved of hundreds of billions of dollars of vital resources yearly while the modest population of 21 million suffers crushing debt, failed health/dental, educational, transport/roads/infrastructure services, diminishing opportunities and reduced living standards - who killed the family unit, Johnny?

I love a sunburnt (hole-in-the-ground) economy; a bunch of visionless, compensatory personalities brown-nosing the Corporate sector and kow-tow 'ing to the DICTATES of TRANSNATIONALS! Did our ancestors fight and die for the likes of Howard, Rudd, Downer, Gillard, Costello, etc DONATING OUR PROUD NATION TO THE FUCKIN' MULTINATIONALS?

Where have all the REAL AUSTRALIANS gone, because none can be seen standing for election? The TREASONOUS TURDS presently standing OUGHT to be SHOT ON SIGHT!

The REAL election issues are securing ourselves against the effects of Global Warming, HALTING the RAPE of the nation, prosecuting Howard and senior ministers for war and other crimes against humanity and re-establishing the equitable distribution of our wealth.

This WAS the land of the FAIR GO, there is nothing fair in the new feudal economy and the greatest disparity of wealth the nation has ever known!

This is not an election it's a dick up the arse!
