It began long before George W Bush wiped his arse with the Bill of Rights and American Constitution. It finally dawned on me while I was writing the future of mankind on a toilet roll. The American Constitution that Bush treats with disdain and contempt, begins with the classic, "WE THE PEOPLE ..," I must apologise for being slow if this observation is obvious to all -- but the common people had nothing whatsoever to do with encoding the principles set down in America's most venerated State documents!

Constitution

The 'founding fathers,' as they are known today, were anything but common people! They were privileged, highly educated, quasi-aristocrats, wealthy entrepreneurs and businessmen. The people were mostly illiterate. The nation was built on LIES from the first day. Are WE today to expect TRUTH from a nation built on bullshit, deceit and blatant misrepresentation? Not likely!

From the first to the last we are dealing with an exclusive, privileged class of mega-wealthy influential rulers that have lorded over the moronic masses since day one. The sub-text of these venerated documents now clearly reads 'WE THE POWERFUL, WEALTHY, RULERS PURSUE PROFIT AT ANY COST!'

Today that message is clear, a poisoned planet and wars of plunder at the cost of millions of innocent lives. But to adhere to the tradition of INVERTED STANDARDS, LIES and MISREPRESENTATIONS. America pretends to be the torch-bearer of freedom and democracy; excuse me while I fetch another toilet roll to write the future of America, that LYING, VIOLENT, PIG of a NATION the entire world no longer tolerates!

Here's another juicy morsel of REAL HYPOCRISY from Thomas Jefferson who declared in the Bill of Rights: "***We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with inherent and inalienable rights; that among these, are life, liberty, and the pursuit of happiness.***" Self-evident truth for everyone except Jefferson and the other criminal liars who founded the USA. Jefferson and his ilk continued to keep their African slaves in servitude! The fact his slaves were human beings couldn't have escaped his notice, especially when he demanded sexual gratification from his female slaves - it is recorded that many of his house slaves bore a striking genetic resemblance to Jefferson!

America, America, MOST VILE NATION - go straight to hell!
