

WAKE UP!

I was in the process of writing the future of the world on a pinhead when that quarter-brain Bush appeared on TV accusing other nations of threatening world peace - hold it right there! The two most aggressive, invasive and murderous nations today are clearly Israel and the USA - **the civilian death toll is evidence of the fact!**

Russia and China are going about their business and dealing with other nations in a friendly cordial manner - ask African leaders, who are falling over themselves to do business with China. Compare Chinese diplomacy with the violent, simplistic methods of the USA - stick a gun in their face and steal what you need - GANGSTERISM -- that's the long and short of it! Yet the raving, lunatic, murdering American nation accuses others of threatening world peace - for fuck's sake!

THE WHOLE DEMENTED NATION OF AMERICA IS TOTALLY AND THOROUGHLY L-O-S-T! TAKE A REALITY PILL BEFORE YOU GET RAZED TO THE GROUND BY A WORLD FAST LOSING PATIENCE WITH ONGOING VIOLENCE, IDIOCY, DOUBLE STANDARDS AND INVERTED LOGIC!

The nation that most threatens world peace is AMERICA, AS IS CLEARLY EVIDENT BY ITS ACTIONS OVER THE PAST DECADE! A little question and answer may assist Americans in apprehending reality:

- Which nation is directly responsible for an illegal pre-emptive war and ongoing civilian holocaust?
- Which nation lied to the UN and the world in order to appropriate a weaker nation's precious energy resources?
- Which nation sanctions ethnic cleansing and infanticide committed by its allies?
- Which nation is directly responsible for the deaths of over one million CHILDREN due to embargos and invasive warfare?
- Which nation reintroduced concentration camps and legalised torture?
- Which nation is responsible for reducing the personal freedoms and liberties of its own citizens?

I could go on but it should be abundantly clear that AMERICA is the answer to all the above questions. But I have one final question for you; WHICH NATION IS THE GREATEST THREAT TO WORLD PEACE SINCE NAZI GERMANY? See if you can 'guess!'
