

Keelty's continuing tenure opens can of incompetent worms

national / social/political / commentary

The thoroughly incompetent, right-wing, conservative, partisan, ex-Howard lackey, AFP Chief, Mick 'have another drink' Keelty, has been timidly denounced by the very timid Queensland PM and the Attorney General for publicly expressing the desire to silence all media reporting of terrorist related cases until such time as the stunningly efficient Keystone AFP have completed their bungling, frame-ups and other manipulations designed to assist former politicians in failed re-election bids - isn't that right, blind Freddy?

Barrister Stephen Keim SC

Let's not forget the politically expedient surrender of the 'Bali nine' to foreign powers to face the death penalty - an act that defied standard police procedure of following the trail (of drugs) in order to net the maximum number of offenders! But we are now all too familiar with the 'Keelty bias' and the questionable relationship between the previous PM and Immigration Minister, aren't we, Mick?

The Haneef and 'Bali nine' cases constitute the most flagrant instances of criminal collusion and government corruption in the short history of the nation. But in view of that our timid little pursed PM, Kevin, seeks only to differ in opinion rather than sack the drunken, incompetent, criminal idiot and expedite all inquiries into the Haneef and Bali nine cases - a deaf, blind, mute judge would have no trouble detecting the criminal collusion between Howard, Andrews and Keelty.

The Haneef and 'Bali nine' cases reek of compromised procedural integrity and blatant politically motivated interference. The collusion of Howard, Andrews and Keelty is as clear as the blue sky and as obvious as the balls on a blue heeler!

Today also saw Haneef's barrister, Stephen Keim, cleared of all impropriety for leaking Haneef's record of interview to the media. Stephen Keim SC was forced to release this information in an effort to combat a media attack on his client by the AFP and Immigration Minister, Andrews - note that Keelty and Andrews are the principal offenders regarding shooting their mouths off and compromising terrorist investigations!

In view of the obvious, what is our heroic and decisive government doing, slapping Keelty on the wrists, you naughty, corrupt, incompetent drunk, Mick? *“Prime Minister Kevin Rudd says he has absolute confidence in Australian Federal Police (AFP) commissioner Mick Keelty but does not support his call for limiting media coverage of terrorism cases.”*

We can only wonder if Keelty has a file on Rudd, involving a raincoat and bag of lollies perhaps! I have no other explanation, do you?
