Western powers that have effectively declared war on Serbia via their proxy, known terrorist and criminal, Hashim Thaci, are now faced with retaliation from Serbian militia. NATO the EU and the UN, regardless of their strenuous efforts to call a 'sow's ear a silk purse,' are faced with the WAR they imagined would not occur! The West's response to Serbian forces defending their nation is likely to trigger full scale warfare, an outcome the delusory western alliance imagined couldn't happen -- how much longer should the free world tolerate the ineptitudes and thorough incompetence of Washington? How much more innocent blood must be spilt before the world realises the source of the PROBLEM?

We refer the divorced from reality western nations to SERBIAN HISTORY - a story of an oppressed people fighting against overwhelming odds to preserve their culture and national identity. Washington imagines that the present has no past and that they are somehow able to magically re-write history - today and the future promises to rub the dreaming noses of the west into the REALITY of their criminal actions.

We ONCE AGAIN refer the West to International LAW and the RIGHT OF ALL NATIONS TO DEFEND THEMSELVES IN THE EVENT OF AN UNPROVOKED ATTACK - KOSOVO IS SERBIA!!

We have nothing more to add except:
