Muslim terrorist and crime boss, Hashim Thaci, has become delusional; he imagines that he leads a nation when in fact he remains a criminal who leads only an Albanian criminal syndicate. Thaci stated he is prepared "to defend every inch of his territory (Kosovo)" -- spoken like a true mafia crime boss; old habits die hard don't they, Hashim? Reality, however, dictates that Kosovo remains legally, historically, culturally and territorially Serbian, and that is that! So exactly what is it you are actually defending, Hashim, the spoils of crime; we would all like to know?

There is nothing you or the Americans can do outside of declaring war on Serbia - so go ahead! Fight, Hashim, we know you want to; all you know is the law of the kalashnikov. Decapitate a few more Serbian civilians, Hashim, show the world what you really are! Time is running out, better to go down in a 'hail' of glory than be shot like the dog you are!

"I am constantly in contact with NATO to prevent anyone from touching even one inch of Kosovo's territory," Thaci stated.

We should have known, Hashim; cowards only ambush, back-shoot and hide behind others. So how exactly are YOU going to fight, lover boy?

KOSOVO IS SERBIA and is sacrosanct - there is nothing you, the Americans or the world can do to alter that reality!
